

YOU ARE WELCOME

ST. GABRIEL'S SCHOOL

FOR STUDENTS WITH HEARING IMPAIRMENT AND OTHER SPECIAL NEEDS

Open Day

Thursday, 8 March 2012

9.30am - 11.30am

St. Gabriel's is a Catholic Primary (K-6) Special School in the Edmund Rice Tradition. Our programs offer a caring and challenging education for children with hearing impairment, intellectual disability in the mild to moderate range and other developmental disorders.

The **SHINE @ SCHOOL** entry program offers an intensive individualised approach designed to target specific skills and behaviours aligned to successful mainstream placement. The first years at school are critical in establishing learning and social behaviours that will enable them to fully participate in, and benefit from, school life.

Our specialist teaching staff and purpose built environment allow the students to achieve success through a focus on communication, literacy, numeracy and social skills.

Please join us for a school tour, morning tea and meet the Principal and Head of Campus.
