At St Gabriel’s, we teach children with hearing impairment and other special needs such as autism and intellectual disabilities to speak, and to communicate – so it makes perfect sense to hold an event that promotes the importance of communication: “The Gift of the Gab”!

After fees, and available government funding, we rely on fundraising and the generosity of the local business and community to meet the growing deficit each year to fund the high costs associated with specialised education for children with disabilities.

We need your help to achieve our goal to support these children to learn and succeed in an exciting and challenging yet safe environment where they learn appropriate to their special needs.

Thanks for being on their journey with us!
